REDBREAST IS MOST WELCOME LOCAL VISITOR

CHERRY-PICKERS PUT IN AN APPEARANCE IN TONOPAH IN QUANTITIES.

Among the most welcome of all visitors in Tonopah are the many robins that have arrived during the past few days. The little red-breasted members of the feathered tribe are known as the Canadian robin and add considerable to the beauty of any place they see fit to pay a visit. Care should be taken to see that the birds are well fed by all who are fortunate enough to be paid a visit by the sweet little songsters.

Boys equipped with the deadly sling-shot and rifle had better have a care while the robins are around and see to it that they destroy none of these harbingers of spring, as the law against killing robins is most drastic in the state of Nevada, and there are many people in Tonopah who love the birds to such an extent that they will see to it that the law is strictly enforced.

ACCUSED SLAYER VIEWS REMAINS OF THE VICTIMS

NEW HAMPSHIRE YOUTH COLLAPSED BEFORE FACES OF MOTHER AND SISTER.

STRATFORD, N. H., March 16.—After looking into the face of his mother, Mrs. George Bean, and his sister, Nina, who were shot and killed at Maidstone, Vt., yesterday, Arthur Bean, the 18-year-old son and brother, who is charged with the murders, collapsed and fell across the caskets.

The youth had been permitted to attend the funerals, but when the services were over he was taken to the family home in Maidstone and locked up for another night with his guards.

Three daughters and one other son of Mrs. Bean also attended the funeral, but no sign of recognition was exchanged between the accused man and the rest of the family.

Members of the family told friends that the cause of the tragedy was the disposal of the Bean home. The house was left to Arthur by his father, and the grandfather recently sent the young man a bill for labor and expenses against the house aggregating more than the house was worth.

The youth objected to paying the bill and members of the family took sides in the matter.

The agricultural editor of this paper has been obliged to suspend operations until he can find some bare ground on which to continue his experiments in the line of grafting oranges on to sagebrush and doughnuts on the coffee tree. His experiments in the line of cross-breeding the hot cake plant and the honey comb have been quite successful, but he expects shortly to take up a scheme whereby the dollars will grow on the do-nothing tree.

IS SUSPECTED OF BEING PARTY TO MURDER

FORT WAYNE, Ind., March 16.—A woman, Grace Richardson, is now sought by the police as a probable important witness in the inquiry into the mysterious death of Harold I. Shaw of Salem, Mass., whose body weighted with iron, was found in St. Mary's river here last week. At a session of the coroner's inquest two of Shaw's acquaintances, Charles Davis and Phil McFarland, who had been detained by the police, were cleared of complicity in the supposed murder.

The Richardson woman, according to Davis and other witnesses before the coroner's inquest, was a friend of Shaw while he lived here, and was with him on New Year's day, when he was last seen alive by his friends.

She disappeared from the city several weeks ago, the police say. A telegram from Salem said Shaw's father is a merchant there and that he is now in a hospital at Boston and had not been advised of the death of his son.

PEANUT TRUST STATEMENT SHOWS BUSINESS GOOD

VALUE OF IMPORTED PRODUCT INCREASES FROM \$8773 TO \$571,569.

WASHINGTON, March 16.—It may have been due to the increase in the number of peanut-eating fans at the baseball games, or it may have been of the more extensive demands of the confectioner, but the fact is the imports of peanuts to the United States for the year 1910 assumed unprecedented proportions.

United States Consul General Gaulin at Marseilles, France, where great quantities of peanuts are raised, reports to the department of commerce and labor that peanut exports to the United States for the year 1910 rose in value from the comparatively insignificant total of \$8773 in 1909 to \$571,569. Large purchases of peanut oil by Americans were also recorded and the trade was the briskest in years.
